

TECHNICAL BULLETIN

Data / Date : 31/03/2000

Bollettino / Bulletin n. BT 3/3.0/2000

Codice SIATA / SIATA code :

p.n. 96-F

Descrizione / Description :

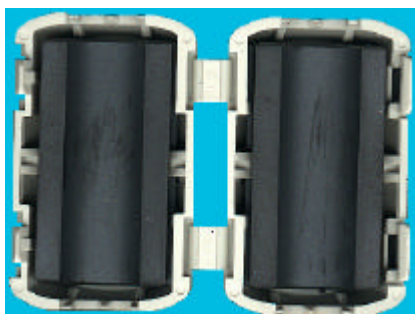

AQUA IONIC PLUS anti-disturb filter

Dear Customer,

we are pleased to inform you about the latest improvement on our production lines.

In order to increase immunity to alimentary disturbs, particularly in case of industrial installations we have provided the AQUA IONIC PLUS CONTROLLER with a Toroide to be placed (as show in the picture) on the power cable .

This operation allows a reduction of disturbs due to external connection of the controller.

Open Toroide

The Toroide will be available on our controller starting from the next shipments. As spare part you can purchase it with the part number: 96-F Please do not hesitate to contact us for any further information you may need.

Toroide placed on power cable
